RE: INTERNET SAFETY

Dear Parent / Carer

It has come to my attention recently that children from our school have been using Instagram. This in itself is not a problem, it is however a problem when children are using this medium to talk to each other in inappropriate ways and use language that would in no way be acceptable at home or in school.

As parents and teachers we must take every step possible to ensure that our children are safeguarded at all times. I would ask all parents to look at www.saferinternet.org.uk and look at the risks involved.

I would urge parents to be extra vigilant and challenge their children about their use of social media, who they are friends with and who they are following.

As a school we have spent a significant amount of time looking at e-safety this year and we will continue to do so in the next academic year.

Yours Sincerely

J Donald
